I am free that time. Question is for you do you think we can have it done by then from a project managers perspective?

Sandeep/Aditya,

Kathleen has noted below that she cannot make the July 9th date... She has suggested an earlier date June 18th/19th... Will this work? Does it need to be later?

Thanks,

Thanks very much. A few thoughts

- I had mentioned to the training person that the date below doesnt work for me as I will be on holiday. June 18 or 19 would work. If that works for you can you reach out to the person who coordinates these for Payments COI and see if we can get that date on the calendar? Can you rework the timeline you outlined below based on those new dates and see if its still feasible?

I think its a great start to the deck and we can review/discuss at our first mtg. Thanks for following up

Regards,

Kathleen

Kathleen,

Happy to take the lead from a project management perspective..... To your points below:

a. **Organization of resources** - I can work with Sandeep and Aditya to identify two other resources that would be interested in joining the team. Let me know if any names pop into your mind and i can follow up with them. With regard to structure, do you want to try to get a manager on the team or are you fine with two seniors and an experienced associate or 3 seniors.

I THINK ONE MANAGER PLUS SA'S OR ASSOC

b. **30 minute touchbases** - I can take responsibility for setting these up including driving the agenda for the meetings... I suggest Friday 29th March (or we can do 22nd as well) for the first one.

LETS DO 29TH.

c. **Outline of course topics** - I can comb through the previous trainings (you've mentioned) and put together a proposed outline. I can share that with you a little bit before our first meeting and then that will be the topic of discussion for our first meeting.

PERFECT. SHARE END OF NEXT WEEK IF YOU CAN

Sound good?

THANKS
